Clients Brief

Mr and Mrs Maan are a diligent couple working in the royal city of Patiala. Mr Maan besides being a nutritionist is immersed in operating his gym. On the other hand Mrs Maan is an exceptionally devoted mother and a very well established makeup artist in and around the city. Their daughter Samaira is 10 years old and loves dancing and yoga. Their son Harrai who is 5 years old likes to stay outdoors most of the time and loves his nerf guns. Mrs Maan would appreciate a flair of vibrant colours in her kids room with ample of space for storage. She wants to have a place where she can stack all her son's guns in one corner. She is inclined towards incorporating wallpaper in the room.

The room should have some open space where kids can play, the parents do not encourage the inclusion of a television set in the room. Mrs Maan would like to have planters placed in the room. Samira loves to call her friends over for sleepovers. The kids will be studying and finishing their home work in their room itself.

Client's Reviews

Supreet Mann

Hi! Mrs. Nakai I am so thrilled to let you know that it was an absolute pleasure to work with you. Your Vision is unmatched. We could never imagine the room could turn out so beautiful. The best part is that you kept our vision in mind and created this according to our needs. The drawings and your visits to the site were completely professional. My kids are in love with their room. I would highly recommend you to all my friends and family. Have a good day.

Vicky Mann

Mrs. Shaffi Nakai has an exceptional talent when it comes to interior designing. This design and presentation truly exceeded our expectations, we as a family loved it. She paid close attention to our requirements and preferences, and delivered a stunning presentation that is both functional and stylish. The furniture pieces she has selected are perfectly suited to the space and the color scheme she chose looks fun and vibrant, creating a beautiful and lively atmosphere that my kids would love. Overall, I highly recommend Mrs. Nakai for anyone looking for a talented and dedicated interior designer who can deliver a perfect combination of style and functionality. Five stars all the way!

The background is a dark gray. In the top-left corner, there is a solid olive green rectangle. To its right, there are several white-outlined rectangles of various sizes, some overlapping. In the bottom-left corner, there is another solid olive green rectangle. On the right side, there are large, faint, dark gray letters that appear to be part of the word 'AMID'.

Thanks!
