Introduction

**D. GEETHA REDDY,MOTHER OF
D. SANKEERTH REDDY AND D. TANVIKA REDDY .**

They live in an apartment in first floor of a high rise building in Hyderabad, Telangana.

Mrs. Geetha, is the one who spends the most time in the bedroom out of the three, after cooking lunch she enjoys watching movies and evening naps in the bedroom.Sankeerth ,7th grader and Tanvika, third year law student, spend most of their time in the bedroom after they come home.The **three like to sit and chat about their day and would like a seating area**.The room is quite cluttered with lots of cupboards, which are placed on all sides of the room. Thus, they want a **spacious bedroom** with sufficient storage. They want a room with **separate sections for dressing, study and relaxing**. They love food and need a storage section for snacks They love watching movies together and trying out new recipes. A **peaceful and comfortable space** is something they prefer.
